Tim called the meeting to order.

Jim Wieprecht motioned to approve May 2016 meeting minutes, Jim Dertzbaugh seconded. The May 2016 minutes were unanimously approved.

Tim shared pictures from the annual paddle trip on May 14th and some discussion ensued regarding the different wildlife and weather that was seen that day.

An updated memo regarding the solar farm project adjacent to the river was distributed for board members to review.

Tim shared about the master plan update in Frederick County and discussed/distributed the survey that is being done as part of the master plan update.

Tom Devilbiss talked about the work plan process for updating the management plan, which included the opportunity to provide feedback now that the plan has been assembled as a complete draft, transmittal of the plan, and ultimate approval.

Bill Hensley made a motion to accept a 30 day staff comment period from Carroll County, Frederick City and the town of Walkersville. George Grillon seconded the motion. The motion was unanimously approved.

Tim distributed a group of panel maps and explained some of the tweaks that were made since the last meeting.

Byron stated that Carroll County would make a conscientious effort to supply the river board with comments prior to the July meeting so that the board may have some time to review.

Meeting adjourned at 8:30
